Tell us about your company/organization

Founded in the heart of the Niagara Region, Earth's Honey Inc. is an environmentally engaged and responsible company dedicated to helping others reduce their environmental footprint by producing an exemplary product which is beneficial to the environment and the earth. Earth's Honey Organic Fertilizer is a 100% chemical free and all natural unique organic blend. We offer a fresh gardening Choice which helps ensure you have a greener and more naturally healthy lawn and garden. Our natural blend is eco-system friendly, bee and all pollinators safe, bird and butterfly and pet friendly. It is designed with all your gardening needs in mind, ranging from flowers to vegetables and herbs, trees, shrubs and most of your indoor plants. It is an organic fertilizer 7-4-1 that is non-burning to your lawn and plants that can be applied all season long from early spring to late fall.

Micro Business (1 to 5 full-time employees) - \$200

Applicant's Name

Dan Tardif

Applicant's Job Title

President/Owner

Applicant's Phone**Applicant's Email****Are you the primary contact person?**

Yes

Contact's Name

Contact's Phone**Contact's Email****1. Creating Healthy Pollinator Habitat: Describe your plans to create, improve and maintain pollinator habitat.**

Earth's Honey Organic Fertilizer is a pollinator safe fertilizer free of neonicotinoids and other harmful pesticides. Earth's Honey Inc. has been and will continue to promote through all our social media feeds the need to use such products along with suggestions on how to improve the landscape to ensure the safety of our pollinators.

2. Educating Employees, Customers and the Community: Describe your plans to educate employees, customers and/or community members about the importance of pollinators and healthy habitats.

Earth's Honey Inc. has started promoting through digital advertising with static ads as well as video/commercial ads about our product and how safe it is for pollinators and pets as well.

3. Celebrating Pollinators: Describe your plans to celebrate pollinators during International Pollinator Week (third week of June) or at other times.

Earth's Honey Inc. has and will continue to promote International Pollinator Week on all it's social media feeds.

Please submit a short 50-100 word write-up of why it is important to be a Bee Business.

It wasn't that long ago when our bees, butterflies, birds pets and other wildlife creatures, as well as our environment, weren't as threatened as they are today. This is partly due to the ever increasing contamination of our air, water and ground and unfortunately, some of these contaminants, are from everyday products used to beautify our lawns and gardens. As a Bee City Business Earth's Honey Inc. hopes it will help persuade others to reduce their use of harmful chemicals from chemical based fertilizers that ultimately harm or kill our pollinator population through our social media feeds. We feel the Bee City platform will help make it easier for us and others such as Bee City Canada to promote the need to save our pollinator population.

Attach your business logo (png format) with any usage guidelines.
