Briefly summarize your Bee City
experience. Please include
information about challenges,
community feedback, and media
responses.

It has been allot of hard work and fun to get our Bee City to where it is now. Bee City Kawartha Lakes has been strongly supported by our Council. It has been well received by the community and we are continuing many of our initiatives from 2019.

Please tell us about your
experiences with the Bee City
Working team.

Our team has worked well together from filling seed packages to hosting community engagement events.

Please tell us about your

We currently have a resolution going to council to ban roadside spraying.

community's efforts to reduce the use of pesticides.

Outline community initiatives focusing on habitat creation and restoration. If possible, include a plant list.

Please tell us about your efforts aimed at educating your community, including residents, city employees, contractors, children and other groups.

Please tell us about your community's participation in National Pollinator Week celebrations and other events.

How did your municipality/First Nation promote being a Bee City?

What are your plans for the coming year?

Provide information about any of your Bee City events, activities or initiatives that you would like highlighted through our social media channels.

Has your city/town/community created a Bee City website or webpage?

If you answered "Yes" above, please provide the URL of your Bee City webpage.

Please enter your population

We welcome your comments and suggestions to help us improve Bee City Canada.

We have engaged in many habitat plantings from gardens to partnering with our local conservation authority to plant large pollinator areas.

We have hosted many engagement events in libraries , local events and schools.. We now have a pollinator school.
We have partnered with city employees to plant pollinator gardens.

We initiated a pollinator garden tour last year to celebrate Pollinator Week.

CKL communications department put many pieces out about pollinator week and Bee City

We plan to take over a neglected park to plant a very large pollinator area
We will continue with our second annual pollinator garden tour
As well we will be partnering again with many community groups, city and conservation authority.

Will let you know in near future

Thank you for all you do!
I don't think one should have to apply each year. Maybe a report card?
