Are you the primary contact person?

Yes

1. Creating Healthy Pollinator Habitat: Describe your plans to create, improve and maintain pollinator habitat.

We promote pollination by selling 3 bee friendly flowers: Cosmos, dwarf sunflower, and zinnia.

2. Educating Employees, Customers and the Community: Describe your plans to educate employees, customers and/or community members about the importance of pollinators and healthy habitats.

We will post on our website how they can help. We will also be posting on social media to promote saving bees. Our goal is to get one of our bee friendly seeds in each of our customers gardens.

3. Celebrating Pollinators: Describe your plans to celebrate pollinators during International Pollinator Week (third week of June) or at other times.

We will post on our social media and try to get together through the community to do a mass planting of bee friendly flowers during the summers.

Please submit a short 50-100 word write-up of why it is important to be a Bee Partner.

We would love to be a bee partner and be able to say that we are trying to make a difference. I think educating the community is the right way to go about the problem. We have done a lot of research to find a charity that aligns with our mission and we would love to see our money go towards a good cause rather than a charity that is not-so-good behind the scenes. Bee city Canada seems like the perfect fit right now.

Attach your business logo (png format) with any usage guidelines.
