Are you the primary contact person?

Yes

Briefly summarize why your school should become a Bee City School.

Since our community has become a Bee City community I have learnt so much more about the importance of bees and how detrimental it would be if we lost them. I want to start teaching our younger generation's the same importance. I believe that at our preschool is the perfect place to start.

In order to enhance the understanding of the students and staff about the vital role that pollinators play in a healthy ecosystem, the applicant agrees to meet the following commitments required of all Bee City Schools:

1. Adopt the Bee City Canada Resolution (see section G).
 2. Create a Bee City Pollinator Team.

Corena & Tracy (teachers) preschool2021@gmail.com

3. Develop a Pollinator Habitat Action Plan:

This year we are first building a garden that will be in the shape of a frog, as we are the frog people. We will also be planting native plants so that the children will be able to pick locally and learn about our traditional foods medicines.

4. Promote Education about Pollinators:

Shawana Riley from T'it'q'et bee city will come over to teach children and staff about the importance of pollinator protection in accordance with pollinator protection patrol program.

5. Celebrate Pollinators:

kids will take home echinacea plants to be planted at home, as well as find online activities and have the patrol program come in a couple times

I/we, the undersigned agree to:

1. Publicly acknowledge Bee City School designation through publicly displayed signage, city/region/community website and other means.
 2. Annually re-apply for Bee City School designation. A renewal application will be sent to you.
-

Please submit a short 50-100 word write-up of why it's important to become a Bee City School.

We need to become a Bee school in order to educate the young child about the importance of bees, what they do, and how we can help them. I believe we could have a better success rate if we were to start with the younger children as they can be such little sponges for information and learning :)

Attach your school logo (png format) with any usage guidelines.
