Are you the primary contact person?

Yes

Briefly summarize why your school should become a Bee City School.

We began a pollinator garden last year and will continue this year.

In order to enhance the understanding of the students and staff about the vital role that pollinators play in a healthy ecosystem, the applicant agrees to meet the following commitments required of all Bee City Schools:

1. Adopt the Bee City Canada Resolution (see section G).
 2. Create a Bee City Pollinator Team.
-

Pollinator Team Members

Nizam Hussain

Qin Feng

Kindergarten Team

Kindergarten Students 60

3. Develop a Pollinator Habitat Action Plan:

We will revive the garden beds in the front of our school. We will plant a variety of shade loving pollinator plants.

4. Promote Education about Pollinators:

We will create a video of our action and document the pollinators we spot. We will share this video on YouTube. We will also present at an Earth day assembly.

5. Celebrate Pollinators:

We will host a pollinator spirit day and sell seeds for flowers to raise funds for future gardening projects.

I/we, the undersigned agree to:

1. Publicly acknowledge Bee City School designation through publicly displayed signage, city/region/community website and other means.
2. Annually re-apply for Bee City School designation. A renewal application will be sent to you.

Please submit a short 50-100 word write-up of why it's important to become a Bee City School.

This will be an excellent action piece to go along with our inquiry on creepy crawlies in our class. It will help us take our learning and action to the whole school.

Signature of Principal/Official

N. Hussain
