Tell us about your company/organization

We are a startup based in Montreal creating candles and we produce other line of products for the bath, home, beauty, 100% natural. Our products are around the theme of travel and aviation, which make people to travel through our unique concept and fragrances. Our premium quality candles are made of sustainable products and we are focused on providing solutions to the client to reuse our containers.

Applicant's Email

labrosse.gen@gmail.com

Are you the primary contact person?

Yes

1. Creating Healthy Pollinator Habitat: Describe your plans to create, improve and maintain pollinator habitat.

We hope to share our partnership and encourage people through awareness about pollinators

2. Educating Employees, Customers and the Community: Describe your plans to educate employees, customers and/or community members about the importance of pollinators and healthy habitats.

Through our website and some planned posts during the year, we wish to promote our association and the importance to care for pollinators. Also, once the company has been running, we would love (spring 2023) to make one of our products associated with an additional donation to Bee City Canada.

3. Celebrating Pollinators: Describe your plans to celebrate pollinators during International Pollinator Week (third week of June) or at other times.

We plan on having our own hive next spring, I would propose a special promotional video for that week to support the cause.

I/we, the undersigned agree to:

1. Publicly acknowledge your Bee City Canada Partner designation through your website, signage, social media and other means.
2. Annually renew for Bee City Canada Partner designation. A renewal application will be sent to you.
