Sophie Julien	Directrice urbanisme-environnement	dirurb@lacmasson.com
Lyne Baillargeon	Responsable des communication	communication@lacmasson.com

Please tell us about your efforts during the past year to create, enhance, and manage habitat for pollinators. Examples of these actions include habitat planning and creation, habitat management, practices that minimize harm to pollinators, such as minimizing exposure to pesticides and artificial nighttime light, and efforts to empower and incentivize residents to create habitat, such as plant giveaways and modifications to property by-laws (see checklist below for more examples).

Modification de la réglementation interdisant l'utilisation et l'épandage de pesticides afin d'ajouter l'interdiction de BTi. Il n'y a pas eu de tonte de gazon sur les terrains municipaux au printemps 2023 et les espaces entretenus par la suite ont été diminués

Habitat created or enhanced

500 m²

Plants

400

Seed (lbs)

5

Please provide a list of plant species that were included in efforts to create or enhance pollinator habitat this year.

Lavandula, Verbena hastata, Eupatorium maculatum, Trifolium repens, Lotus corniculatus, Aster umbellatus, Monarda fistulosa, Solidago canadensis, Desmodium canadense, Aster novae-angliae, Cichorium intybus, Astragalus canadensis, Centaurea cyanus, Trifolium incarnatum, Aster puniceus, Asclepias incarnata, Achillea millefolium, Agastache foeniculum, Oenothera biennis, Heliopsis heliantoides, Melilotus officinalis, Asclepias syriaca, Solidago nemoralis, Fagopyrum esculentum

1.1 HABITAT PLANNING AND CREATION

- 1.1.1 Create native plant pollinator gardens

1.2 HABITAT MANAGEMENT PRACTICES

- 1.2.2 Restrict chemical applications that can negatively impact pollinators
- 1.2.6 Minimize impacts of artificial nighttime light
- 1.2.7 Delay yard waste collection

1.3 EMPOWERING AND INCENTIVIZING RESIDENTS TO CREATE HABITAT

- 1.3.4 Offer native plant giveaways and subsidized sales
- 1.3.7 Initiate seed libraries and encourage seed exchange

Please tell us about your efforts during the past year to provide pollinator education and engagement opportunities to members of your community, including residents, employees, contractors, children, and other groups. Examples of these actions include promotion of pollinators through media channels and signage, providing education and engagement opportunities, such as talks and planting events, developing educational resources, such as local native plant and pollinator lists, and raising awareness about pollinators at broader community events (see checklist below for more examples)

Journée Vert Nature: Dons de plants et de graines mellifères, sensibilisation et éducation, power point

Distribution d'arbres: Dons d'arbres, sensibilisation et éducation

Adhésion à l'Escouade pissenlits du Rucher collectif, adhésion au Défi-pissenlits, adhésion à ville amie des abeilles de Bee city Canada

Affiches municipales de 5 X 7 pieds

Éducation et sensibilisation aux employés d'entretien des parcs

Facebook, infolettre, site web de la Ville

Number of people reached through education and engagement efforts

500

2.1 MEDIA, EDUCATION, AND MATERIALS

- 2.1.1 Promote pollinator conservation through media channels
- 2.1.2 Provide education and awareness materials about pollinators

2.2 ENGAGEMENT EVENTS AND ACTIVITIES

- 2.2.1 Feature pollinator talks and workshops

Please tell us about your efforts to celebrate Pollinator Week this past year. Examples of these actions include promoting Pollinator Week through a proclamation and other communications, hosting a Pollinator Week festival, unveiling pollinator-themed public art, hosting a habitat creation or maintenance event, providing Pollinator Week giveaways, and anything else that you are doing to promote pollinators during this time (see checklist below for more examples).

Lors de la Journée « Vert Nature » du mois de juin, les citoyens ont été sensibilisés sur le thème des abeilles et des monarches. Des semences de plantes mellifères et probablement d'asclépiades seront offertes gratuitement aux citoyens intéressés à la cause.

Plusieurs publications sur les réseaux de la Ville.

3.1 ACTIONS TO PROMOTE POLLINATOR WEEK

- 3.1.3 Launch a social media campaign

3.2 ACTIONS TO CELEBRATE POLLINATOR WEEK

- 3.2.7 Provide pollinator-themed giveaways

Has your community posted Bee City Canada signage?

Yes

Has your community created a Bee City website or webpage?

Yes

Please share plans that you have to support pollinators this coming year. It may help to refer to the action checklists in the previous sections as you plan future initiatives.

Poursuivre les actions de l'année 2023 et:

S'associer à d'autres organismes de la ville (ex: Société d'horticulture et d'écologie)

Minimiser les impacts de la lumière artificielle nocturne

Modifier les règlements sur les pelouses pour permettre aux résidents de créer un habitat

Offrir des cadeaux de plantes indigènes et des ventes subventionnées
Présentations et ateliers sur les pollinisateurs

Select the appropriate fee based on your community's population.

Less than 10,000 population - \$150

Payment Method

Offline

Have you had any challenges with pollinator initiatives that you would like to have more support with?

Pour ce qui est de la superficie d'habitat pour les pollinisateurs créée ou améliorée, nous n'avons pas vraiment d'approximatif. Cependant, ce que nous avons distribué en semences pouvait couvrir près de 200 m²
