Please tell us about your efforts during the past year to create, enhance, and manage habitat for pollinators. Examples of these actions include habitat planning and creation, habitat management, practices that minimize harm to pollinators, such as minimizing exposure to pesticides and artificial nighttime light, and efforts to empower and incentivize residents to create habitat, such as plant giveaways and modifications to property by-laws (see checklist below for more examples).

agrandissement jardin communautaire, mises en place de jardinières et de bacs dans la cour de l'école et de la municipalité, prunier pommier décoratif. terrain camping terrain du centre des loisirs et de la biblio ou on laisse pousser en mai

**Habitat created or enhanced**

1 Acre

**Plants**

6

**Seed (lbs)**

4

Please provide a list of plant species that were included in efforts to create or enhance pollinator habitat this year.

Thym , romarin, basilic et persil oignon vert et feves

**1.1 HABITAT PLANNING AND CREATION**

- 1.1.1 Create native plant pollinator gardens
- 1.1.2 Create edible gardens, orchards, and food forests

**1.2 HABITAT MANAGEMENT PRACTICES**

- 1.2.1 Use Integrated Vegetation Management (IVM)
- 1.2.2 Restrict chemical applications that can negatively impact pollinators
- 1.2.4 Promote pollinator-friendly practices in community gardens
- 1.2.6 Minimize impacts of artificial nighttime light

### 1.3 EMPOWERING AND INCENTIVIZING RESIDENTS TO CREATE HABITAT

- 1.3.1 Modify lawn bylaws to empower residents to create habitat
- 1.3.5 Provide pollinator-friendly garden consultations

**Have you taken any habitat creation and management actions that you feel have not been captured adequately by this checklist? If so, please tell us below.**

se joindre aux autres municipalité du territoire afin d'adopter un reglement s sur les pesticides dans la ville

**Please tell us about your efforts during the past year to provide pollinator education and engagement opportunities to members of your community, including residents, employees, contractors, children, and other groups. Examples of these actions include promotion of pollinators through media channels and signage, providing education and engagement opportunities, such as talks and planting events, developing educational resources, such as local native plant and pollinator lists, and raising awareness about pollinators at broader community events (see checklist below for more examples)**

A l'automne le retour des enfants en classes, va faire que les bacs qui ont été plantés par les jeunes dans la cour de l'école vont pouvoir être récoltés par les enfants. Les employés municipaux ont été formés à l'entretien et l'usages des bons produits et des bonnes pratique pour la protections de pollinisateurs. Nous avons mis une affiche pres sur les murs de la biblio. 3 organismes ont été impliqués le carrefour des 50 ans + les loisirs et L'école la colombe.

**Number of people reached through education and engagement efforts**

10

### 2.1 MEDIA, EDUCATION, AND MATERIALS

- 2.1.1 Promote pollinator conservation through media channels
